Cement

Another slow quarter; maintain SELL

- Tepid volume growth of 5% YoY with little support from realisations kept Q1 revenue growth muted
- EBITDA margin dropped 370bps YoY to 10% as costs spiralled and realisations remained under pressure
- Retain SELL with an unchanged TP of Rs 551

| 01 August 2023

Milind Raginwar research@bobcaps.in

**Topline growth muted:** JKLC reported slow 5% YoY (-6% QoQ) revenue growth to Rs 16.3bn in Q1FY24 as volumes grew only 5% (-5% QoQ) to 2.9mn tonnes (including clinker sales) and realisations stayed flat at Rs 5,351/t (-1% QoQ). Key markets such as Gujarat and Rajasthan saw adverse weather impacts and labour shortages in Q1 even as excess supply exerted pressure on prices.

**Cost inflation continues, to turn favourable from H2:** Operating cost increased 5% YoY (flat QoQ) to Rs 5,011/t as energy-adjusted raw material cost climbed 4% YoY to Rs 2,210/t on a higher base. Limited in-house clinker prompted higher I purchases from UCWL (+29% YoY). Logistics cost inched up 1% YoY to Rs 1,130/t due to the railway's introduction of a busy period surcharge for the entire year.

**Margins dented:** EBITDA declined 23% YoY (-11% QoQ) to Rs 1.7bn with 370bps contraction in margin to 10.3% due to the high-cost structure and tepid realisations. EBITDA/t decreased 26% YoY (-7% QoQ) to Rs 573/t and PAT dropped 26% YoY (-23% QoQ) to Rs 749mn. Management has set an ambitious EBITDA/t target of Rs 1,000 for FY25.

**Expansion plans:** Subsidiary UCWL's 1.5mt clinker unit is to be commissioned by Q3FY24 and its 2.5mt cement plant expansion by Q2FY25. Both projects are on track with trial runs of the clinker unit underway. JKLC aims to reach 18mt with the UCWL expansion and 30mt in phase II (via 3mt of brownfield expansion at Durg (Chhattisgarh) and 3mt at Udaipur (Rajasthan), along with 6mt of greenfield capacity, for which it has been allocated two mines in Nagaur (Rajasthan) and Kutch (Gujarat).

**Maintain SELL:** JKLC plans to fund its capex through debt and has passed an enabling resolution to raise borrowings of Rs 25bn. This will take the net debt/ EBITDA ratio to a peak of 4x, per management. We also expect margins to remain stressed given fierce competition in key markets. Factoring in these negatives, we maintain SELL and continue to value the stock at 8x FY25E EV/EBITDA for a TP of Rs 551 (unchanged). Our TP implies a replacement cost of Rs 6.6bn/mt, a 6% discount to the industry benchmark.

## Fig 1 – Earnings call highlights

| Parameter                   | Q1FY24   | Q4FY23   | Our view   |  |
|-----------------------------|--|--|--|--|
| Volumes and<br>Realisations | Management indicated that Q1 was impacted by<br>natural calamities and labour shortages in Gujarat<br>and Rajasthan (accounting for 70% sales). JKLC<br>had 97% clinker utilisation and 85% cement<br>utilisation during the quarter.  | Management expects cement volume growth<br>of 19% for FY24.The clinker plant (1.5mt) is to<br>be used for grinding units in the north to aid<br>volume growth. Capacity utilisation stood at<br>89% in Q4FY23 vs. 77% in Q3FY23.   | JKLC will likely face severe<br>competition to volume growth<br>in key regions, including the<br>west, north and east.   |  |
|                             | The company expects eastern market volumes to<br>improve as it has received approval for a rail siding<br>and conveyor belt at the Durg plant. Realisations<br>were flat despite tepid volume growth.  | Pricing pressure continues and the current<br>price has remained flat to marginally lower.<br>Q4 trade volume share was at 55%, blended<br>share at 55%, and premium share at 11%.   |  |  |
| Margins                     | Power and fuel costs declined QoQ from<br>Rs 2.42/kcal to Rs 2.23/kcal, but operating cost was<br>higher as a WHRS facility broke down, requiring<br>more grid power. Logistics cost also inched up.<br>Management expects energy cost to decline to<br>Rs 2.15/kcal in Q2FY24 as JKLC holds 100-days of | Fuel cost was at Rs 2.42/kcal in Q4, which<br>management expects will reduce to<br>Rs 2.31/kcal in Q1FY24. The fuel mix was<br>40% coal (domestic in eastern markets and<br>imported in case of the north), 44% pet coke<br>and 16% others.  | Cost benefits are likely to be<br>negated if realisations are not<br>supportive given severe<br>competition from market<br>giants such as UTCEM,<br>ACEM and SRCM. |  |
|                             | inventory at these low prices, in tandem with lower<br>logistics costs. Renewable power supply is guided to<br>increase from October, providing a Rs 2.5/unit<br>landed price discount to grid power. All of this should<br>aid margins.   | Management has EBITDA/t targets of<br>Rs 800/Rs 1,000 for FY24/FY25 led by a<br>better region & product mix and shift towards<br>trade sales, logistics cost savings (Rs 70/t) on<br>lower lead distance, and improving<br>efficiencies (such as enhancing the thermal<br>substitution rate from 4% to 16% in a phased<br>manner at its Sirohi plant). |  |  |
| Capacity                    | WHRS capacity at the Sirohi plant in Rajasthan will<br>add 3.5MW by Q4FY24-end. The clinkerisation plant<br>at Udaipur Cement Works (UCWL) is under trial runs<br>and is due to add 1.5mt of capacity by Q3FY24.<br>Further, the 2.5mt expansion at UCWL is on track to<br>be commissioned in Q2FY25.    | Management is currently focused on<br>brownfield expansion at Durg and will decide<br>on UCWL in FY25. Land acquisition activities<br>have begun for the greenfield projects at<br>Nagaur and Kutch.   | Capacity plans are necessary<br>in the short term but look<br>aggressive over the medium-<br>to-long term and will only put<br>further pressure on<br>performance. |  |
| Capex                       | Management has guided for an annual capex budget of Rs 3bn-4.5bn for FY24.   | Capex incurred for UCWL totals Rs 8.5bn to date (Rs 6.3bn in FY23).  | Annual capex is likely to swel from FY25 onwards.  |  |
|                             |  | JKLC plans to incur Rs 2bn in FY24 and<br>Rs 1.5bn in FY25, with the outlay for UCWL at<br>Rs 5bn and Rs 3bn respectively.   |  |  |
| Other key points            | JKLC has passed an enabling resolution to raise<br>debt of Rs 25bn to fund ongoing projects. This is<br>guided to raise net debt-to-EBITDA (currently at 1x)   | JKLC aims to have peak debt of Rs 15bn for<br>UCWL and maximum net debt/EBITDA at<br>3-3.5x.   | Higher leverage at 3-4x can pose a risk.   |  |
|                             | to 3.5-4x in the next two years. This apart,<br>subsidiary UCWL recently completed a ~Rs 4.5bn<br>rights issue to finance ongoing capex.   | The company is setting up a 100,000t putty<br>plant in Alwar, Rajasthan, to start operations<br>from Oct'23 at a capex of Rs 0.65bn-0.7bn.   |  |  |
|                             | Non-cement revenue was Rs 1.3bn in Q1, of which RMC made up Rs 630mn. EBITDA margin on non-cement business contracted QoQ from 5% to 4%.   | For Q4FY23, non-cement revenue was at Rs 1.3bn (RMC revenue at Rs 0.6bn).  |  |  |
|                             | JKLC entered a partnership with a private company<br>for the supply of 40MW of solar power for its Durg<br>cement plant. After integration, 80% of energy for<br>Durg will be renewable and JKLC's overall<br>renewable mix will rise to 50%.  | The Palanpur (outsourced) grinding unit has capacity of 15-20k/t per month.  |  |  |

# Valuation methodology

JKCL has guided for an annual capex budget of Rs 3bn-4.5bn for FY24 and expansionary capex mode from FY25 onward. The company plans to fund this outlay through debt and has passed an enabling resolution to raise borrowings of Rs 25bn. This will take the net debt/ EBITDA ratio to a peak of 4x in the next two years, per management. Not only could this pose a risk to balance sheet health, but past experience also suggests that the company's capex execution has been less than ideal, typically marred by delays (both inhouse and at subsidiary UCWL).

We also expect margins to remain stressed given fierce competition in key markets. In our view, management's EBITDA/t targets of Rs 800/Rs 1,000 for FY24/FY25 look aggressive and we instead pen in estimates of Rs 644/Rs 713.

Factoring in the negatives, we maintain our SELL rating and continue to value the stock at 8x FY25E EV/EBITDA for a TP of Rs 551 (unchanged). Our TP implies a replacement cost of Rs 6.6bn/mt, a 6% discount to the industry benchmark.

## Fig 10 – Key assumptions

| Parameter               | FY22  | FY23  | FY24E | FY25E |
|-------------------------|-------|-------|-------|-------|
| Volumes (mt)            | 10.3  | 10.8  | 12.2  | 13.4  |
| Realisations (Rs/mt)    | 4,494 | 5,386 | 5,510 | 5,538 |
| Operating costs (Rs/mt) | 4,132 | 4,951 | 4,877 | 4,789 |
| EBITDA/mt (Rs)          | 781   | 648   | 644   | 713   |

# Key risks

Key upside risks to our estimates are:

- above-estimated volume and realisations gains backed by strong demand uptick, and
- faster-than-expected cooling off of key fuel costs, lending a boost to margins.

The research analyst(s) authoring this report hereby certifies that (1) all of the views expressed in this research report accurately reflect his/her personal views about the subject company or companies and its or their securities, and (2) no part of his/her compensation was, is, or will be, directly or indirectly, related to the specific recommendation(s) or view(s) in this report. Analysts are not registered as research analysts by FINRA and are not associated persons of BOB Capital Markets Limited (BOBCAPS).

### General disclaimers

BOBCAPS is engaged in the business of Stock Broking and Investment Banking. BOBCAPS is a member of the National Stock Exchange of India Limited and BSE Limited and is also a SEBI-registered Category I Merchant Banker. BOBCAPS is a wholly owned subsidiary of Bank of Baroda which has its various subsidiaries engaged in the businesses of stock broking, lending, asset management, life insurance, health insurance and wealth management, among others.

BOBCAPS's activities have neither been suspended nor has it defaulted with any stock exchange authority with whom it has been registered in the last five years. BOBCAPS has not been debarred from doing business by any stock exchange or SEBI or any other authority. No disciplinary action has been taken by any regulatory authority against BOBCAPS affecting its equity research analysis activities.

BOBCAPS is also a SEBI-registered intermediary for the broking business having SEBI Single Registration Certificate No.: INZ000159332 dated 20 November 2017.

BOBCAPS prohibits its analysts, persons reporting to analysts, and members of their households from maintaining a financial interest in the securities or derivatives of any companies that the analysts cover. Additionally, BOBCAPS prohibits its analysts and persons reporting to analysts from serving as an officer, director, or advisory board member of any companies that the analysts cover.

Our salespeople, traders, and other professionals may provide oral or written market commentary or trading strategies to our clients that reflect opinions contrary to the opinions expressed herein, and our proprietary trading and investing businesses may make investment decisions that are inconsistent with the recommendations expressed herein. In reviewing these materials, you should be aware that any or all of the foregoing, among other things, may give rise to real or potential conflicts of interest. Additionally, other important information regarding our relationships with the company or companies that are the subject of this material is provided herein.

This material should not be construed as an offer to sell or the solicitation of an offer to buy any security in any jurisdiction We are not soliciting any action based on this material. It is for the general information of BOBCAPS's clients. It does not constitute a personal recommendation or take into account the particular investment objectives, financial situations, or needs of individual clients. Before acting on any advice or recommendation in this material, clients should consider whether it is suitable for their particular circumstances and, if necessary, seek professional advice. BOBCAPS research reports follow rules laid down by Securities and Exchange Board of Individuals employed as research analysts are separate from other employees who are performing sales trading, dealing, corporate finance advisory or any other activity that may affect the independence of its research reports.

## JK LAKSHMI CEMENT

The price and value of the investments referred to in this material and the income from them may go down as well as up, and investors may realize losses on any investments. Past performance is not a guide for future performance, future returns are not guaranteed and a loss of original capital may occur. BOBCAPS does not provide tax advice to its clients, and all investors are strongly advised to consult with their tax advisers regarding any potential investment in certain transactions — including those involving futures, options, and other derivatives as well as non-investment-grade securities — that give rise to substantial risk and are not suitable for all investors. The material is based on information that we consider reliable, but we do not represent that it is accurate or complete, and it should not be relied on as such. Opinions expressed are our current opinions as of the date appearing on this material only. We endeavour to update on a reasonable basis the information discussed in this material, but regulatory, compliance, or other reasons may prevent us from doing so.

We and our affiliates, officers, directors, and employees, including persons involved in the preparation or issuance of this material, may from time to time have "long" or "short" positions in, act as principal in, and buy or sell the securities or derivatives thereof of companies mentioned herein and may from time to time add to or dispose of any such securities (or investment). We and our affiliates may assume an underwriting commitment in the securities of companies discussed in this document (or in related investments), may sell them to or buy them from customers on a principal basis, and may also perform or seek to perform investment banking or advisory services for or relating to these companies and may also be represented in the supervisory board or any other committee of these companies.

For the purpose of calculating whether BOBCAPS and its affiliates hold, beneficially own, or control, including the right to vote for directors, one per cent or more of the equity shares of the subject company, the holdings of the issuer of the research report is also included.

BOBCAPS and its non-US affiliates may, to the extent permissible under applicable laws, have acted on or used this research to the extent that it relates to non-US issuers, prior to or immediately following its publication. Foreign currency denominated securities are subject to fluctuations in exchange rates that could have an adverse effect on the value or price of or income derived from the investment. In addition, investors in securities such as ADRs, the value of which are influenced by foreign currencies, effectively assume currency risk. In addition, options involve risks and are not suitable for all investors. Please ensure that you have read and understood the Risk disclosure document before entering into any derivative transactions.

No part of this material may be (1) copied, photocopied, or duplicated in any form by any means or (2) redistributed without BOBCAPS's prior written consent.

#### Other disclaimers

BOBCAPS and MAYBANK (as defined below) make no representation or warranty, express or implied, as to the accuracy or completeness of any information obtained from third parties and expressly disclaim the merchantability, suitability, quality and fitness of this report. The information in this report has not been independently verified, is provided on an "as is" basis, should not be relied on by you in connection with any contract or commitment, and should not be used as a substitute for enquiries, procedures and advice which ought to be undertaken by you. This report also does not constitute an offer or solicitation to buy or sell any securities referred to herein and you should not construct this report as investment advice. All opinions and estimates contained in this report constitute BOBCAPS's judgment as of the date of this report and are subject to change without notice, and there is no obligation on BOBCAPS or MAYBANK to update this report upon issuance. This report and the information contained herein may not be reproduced, redistributed, disseminated or copied by any means without the prior consent of BOBCAPS and MAYBANK.

To the full extent permitted by law neither BOBCAPS, MAYBANK nor any of their respective affiliates, nor any other person, accepts any liability howsoever arising, whether in contract, tort, negligence, strict liability or any other basis, including without limitation, direct or indirect, special, incidental, consequential or punitive damages arising from any use of this report or the information contained herein. By accepting this report, you agree and undertake to fully indemnify and hold harmless BOBCAPS and MAYBANK from and against claims, charges, actions, proceedings, losses, liabilities, damages, expenses and demands (collectively, the "Losses") which BOBCAPS and/or MAYBANK may incur or suffer in any jurisdiction including but not limited to those Losses incurred by BOBCAPS and/or MAYBANK as a result of any proceedings or actions brought against them by any regulators and/or authorities, and which in any case are directly or indirectly occasioned by or result from or are attributable to anything done or omitted in relation to or arising from or in connection with this report.

#### Distribution into the United Kingdom ("UK"):

This research report will only be distributed in the United Kingdom, in accordance with the applicable laws and regulations of the UK, by Maybank Securities (London) Ltd) ("MSL") who is authorised and regulated by the Financial Conduct Authority ("FCA") in the United Kingdom (MSL and its affiliates are collectively referred to as "MAYBANK"). BOBCAPS is not authorized to directly distribute this research report in the UK.

This report has not been prepared by BOBCAPS in accordance with the UK's legal and regulatory requirements.

This research report is for distribution only to, and is solely directed at, selected persons on the basis that those persons: (a) are eligible counterparties and professional clients of MAYBANK as selected by MAYBANK solely at its discretion; (b) have professional experience in matters relating to investments falling within Article 19(5) of the Financial Services and Markets Act 2000 (Financial Promotion) Order 2005, as amended from time to time (the "Order"), or (c) fall within Article 49(2)(a) to (d) (high net worth companies, unincorporated associations, etc. as mentioned in the stated Article) of the Order; (all such persons together being referred to as "relevant persons").

This research report is directed only at relevant persons and must not be acted on or relied on by any persons who are not relevant persons. Any investment or investment activity to which this material relates is available only to relevant persons and will be engaged in only with relevant persons.

The relevant person as recipient of this research report is not permitted to reproduce, change, remove, pass on, distribute or disseminate the data or make it available to third parties without the written permission of BOBCAPS or MAYBANK. Any decision taken by the relevant person(s) pursuant to the research report shall be solely at their costs and consequences and BOBCAPS and MAYBANK shall not have any liability of whatsoever nature in this regard.

#### No distribution into the US:

This report will not be distributed in the US and no US person may rely on this communication.

### Other jurisdictions:

This report has been prepared in accordance with SEBI (Research Analysts) Regulations and not in accordance with local regulatory requirements of any other jurisdiction. In any other jurisdictions, this report is only for distribution (subject to applicable legal or regulatory restrictions) to professional, institutional or sophisticated investors as defined in the laws and regulations of such jurisdictions by Maybank Securities Pte Ltd. (Singapore) and / or by any broker-dealer affiliate or such other affiliate as determined by Malayan Banking Berhad.

If the recipient of this report is not as specified above, then it should not act upon this report and return the same to the sender.

By accepting this report, you agree to be bound by the foregoing limitations.
