### Macro developments

- As per FCI, a total of 75.9mn MT of foodgrain stock is available; of this 9.5mn MT is required each month under NFSA, PMGKAY and other schemes. Under PMGKAY-1 (Apr-Jun'20), total of 11.7mn MT have been distributed and 20.1mn MT is expected to be distributed under PMGKAY-2 (Jul-Nov'20). Under the Atma Nirbhar Bharat Scheme over 0.8mn MT foodgrain will be given to 80mn migrant labours who have not been included under NFSA/state scheme. This is expected to cost over Rs 31.1bn for foodgrains and Rs 2.8bn for gram.
- US factory orders rose by 6.2% in Jun'20 against estimation of 5% and 7.7% growth in May'20 on MoM basis. This was led by increase in orders for motor vehicles and parts and transportation equipment. Core capital goods orders also increased by 3.4% in Jun'20 against 3.3% in May'20.
- Reserve Bank of Australia has kept the official cash rate and 3Y yield target unchanged at 0.25%. Members believe that the COVID-19 impact on economy is not as severe as earlier estimated. Central bank sees recovery is underway as it expects government's income support measures to get extended. However, second wave of COVID infections remains a key risk.
