BOB Economics Research | Weekly Wrap

All eyes on India's Q2 GDP print

SUMMARY

India Economics: Weekly Wrap

Rising global Covid-19 cases (4.2mn) drove global 10Y yields lower. US\$ weakened with rising Covid-19 cases in US. However, US housing data continued to be upbeat supported by lower rates. Global equity markets inched up further on further progress in vaccine development. Indian equity markets are at record highs supported by FPI inflows of US\$ 14.9bn in FYTD21. High frequency indicators point to continued recovery. We expect Q2FY21 GDP growth at (-) 8% and (-) 8.2% for FY21. RBI to remain on hold.

Markets

- **Bonds:** Apart from India and China, global 10Y yields closed lower with rising Covid-19 cases (4.2mn versus 12-week MA of 2.7mn). US 10Y fell the most by 7bps (0.82%) amidst muted retail sales and rising jobless claims. Germany's 10Y yield fell by 4bps (-0.58%) over uncertainty surrounding stimulus. China's 10Y yield rose by 6bps (3.34%) supported by better macro prints. India's 10Y yield closed flat at 5.88% supported by RBI's special OMO of Rs 100bn. System liquidity surplus was at Rs 5.2tn as on 20 Nov 2020, same as in the previous week.
- **Currency:** Global currencies closed higher against the dollar, with JPY, GBP and CNY appreciating the most (0.7%). DXY index fell by 0.4% in the week. A weaker dollar is a result of RCEP trade deal, better data from Asia and optimism around vaccine development. INR appreciated by 0.6% in the week supported by foreign inflows of US\$ 1.7bn.
- **Equity:** Barring Dow, other global indices closed higher. In the US investors turned cautious over surging Covid-19 cases and the announcement by Fed that it will allow some of the key central bank funded programs to expire on 31 Dec 2020. Elsewhere, Shanghai Comp (2%) and Sensex (1%) rose the most. Capital goods, power and auto stocks rose the most.
- **Upcoming key events:** Markets will monitor daily addition of Covid-19 cases. Apart from this, Fed minutes, Q3 GDP data (second estimate), US durable goods orders and global flash PMI data will be in focus. On the domestic front, fiscal and GDP data will be released.

Disclaimer

Recommendations and Absolute returns (%) over 12 months

BUY – Expected return >+15%

ADD – Expected return from >+5% to +15%

REDUCE – Expected return from -5% to +5%

SELL – Expected return <-5%

Note: Recommendation structure changed with effect from 1 January 2018 (Hold rating discontinued and replaced by Add / Reduce)

BOBCAPS is a member of the National Stock Exchange of India Limited and BSE Limited and is also a SEBI-registered Category I Merchant Banker. BOBCAPS is a wholly owned subsidiary of Bank of Baroda which has its various subsidiaries engaged in the businesses of stock broking, lending, asset management, life insurance, health insurance and wealth management, among others.

BOBCAPS's activities have neither been suspended nor has it defaulted with any stock exchange authority with whom it has been registered in the last five years. BOBCAPS has not been debarred from doing business by any stock exchange or SEBI or any other authority. No disciplinary action has been taken by any regulatory authority against BOBCAPS affecting its equity research analysis activities.

BOBCAPS has obtained registration as a Research Entity under SEBI (Research Analysts) Regulations, 2014, having registration No.: INH000000040 valid till 03 February 2025. BOBCAPS is also a SEBI-registered intermediary for the broking business having SEBI Single Registration Certificate No.: INZ000159332 dated 20 November 2017.

BOBCAPS prohibits its analysts, persons reporting to analysts, and members of their households from maintaining a financial interest in the securities or derivatives of any companies that the analysts cover. Additionally, BOBCAPS prohibits its analysts and persons reporting to analysts from serving as an officer, director, or advisory board member of any companies that the analysts cover.

Our salespeople, traders, and other professionals may provide oral or written market commentary or trading strategies to our clients that reflect opinions contrary to the opinions expressed herein, and our proprietary trading and investing businesses may make investment decisions that are inconsistent with the recommendations expressed herein. In reviewing these materials, you should be aware that any or all of the foregoing, among other things, may give rise to real or potential conflicts of interest. Additionally, other important information regarding our relationships with the company or companies that are the subject of this material is provided herein.

This material should not be construed as an offer to sell or the solicitation of an offer to buy any security in any jurisdiction where such an offer or solicitation would be illegal. We are not soliciting any action based on this material. It is for the general information of BOBCAPS's clients. It does not constitute a personal recommendation or take into account the particular investment objectives, financial situations, or needs of individual clients. Before acting on any advice or recommendation in this material, clients should consider whether it is suitable for their particular circumstances and, if necessary, seek professional advice.

The price and value of the investments referred to in this material and the income from them may go down as well as up, and investors may realize losses on any investments. Past performance is not a guide for future performance, future returns are not guaranteed and a loss of original capital may occur. BOBCAPS does not provide tax advice to its clients, and all investors are strongly advised to consult with their tax advisers regarding any potential investment in certain transactions — including those involving futures, options, and other derivatives as well as non-investment-grade securities — that give rise to substantial risk and are not suitable for all investors. The material is based on information that we consider reliable, but we do not represent that it is accurate or complete, and it should not be relied on as such. Opinions expressed are our current opinions as of the date appearing on this material only. We endeavour to update on a reasonable basis the information discussed in this material, but regulatory, compliance, or other reasons may prevent us from doing so.

We and our affiliates, officers, directors, and employees, including persons involved in the preparation or issuance of this material, may from time to time have “long” or “short” positions in, act as principal in, and buy or sell the securities or derivatives thereof of companies mentioned herein and may from time to time add to or dispose of any such securities (or investment). We and our affiliates may act as market makers or assume an underwriting commitment in the securities of companies discussed in this document (or in related investments), may sell them to or buy them from customers on a principal basis, and may also perform or seek to perform investment banking or advisory services for or relating to these companies and may also be represented in the supervisory board or any other committee of these companies.

For the purpose of calculating whether BOBCAPS and its affiliates hold, beneficially own, or control, including the right to vote for directors, one per cent or more of the equity shares of the subject company, the holdings of the issuer of the research report is also included.

BOBCAPS and its non-US affiliates may, to the extent permissible under applicable laws, have acted on or used this research to the extent that it relates to non-US issuers, prior to or immediately following its publication. Foreign currency denominated securities are subject to fluctuations in exchange rates that could have an adverse effect on the value or price of or income derived from the investment. In addition, investors in securities such as ADRs, the value of which are influenced by foreign currencies, effectively assume currency risk. In addition, options involve risks and are not suitable for all investors. Please ensure that you have read and understood the Risk disclosure document before entering into any derivative transactions.
