Global updates

- The **Nasdaq Composite** surged on Thursday, led by a strong rally in semiconductor stocks after Micron Technology delivered robust results, overshadowing concerns that renewed U.S.-Iran hostilities could prolong the Middle East conflict and stoke inflation. **Asian markets** extended the positive momentum, with semiconductor stocks leading gains as renewed optimism over AI-driven demand revived investor appetite for technology shares.

- On the currency front, the **U.S. Dollar Index** hovered near the 101 mark during Asian trade after easing slightly overnight, as investors balanced the Federal Reserve's cautious policy stance against easing geopolitical tensions in the Middle East.

- **GIFT Nifty** trading at ~24,114.00 is indicating a positive start for the Indian market on Friday.

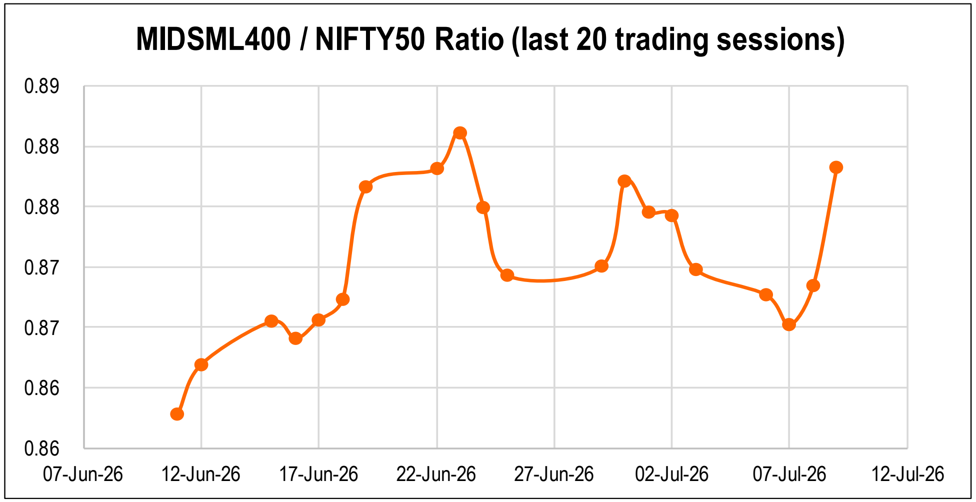
Highlights

- Nifty failed to hold on to its early gains as profit booking in the second half capped the recovery.
- Sun Pharma led the benchmark's gainers, while Kotak Mahindra Bank bounced from a key technical support zone, indicating selective buying in large-cap stocks.
- Mid-cap and small-cap outperformed heavyweights for the second consecutive session, signalling improving market breadth and a gradual shift towards broader market participation.



Dixon Technologies

Dixon Technologies has executed a joint venture agreement with Vivo Mobile India (VMI) to incorporate a joint venture company in India that will operate as an original equipment manufacturer (OEM) of electronic devices, including smartphones. Dixon will hold a 51 percent stake in the proposed joint venture, while Vivo Mobile India will own the remaining 49 percent.

Power Grid Corporation of India

Power Grid has been declared the successful bidder to establish an inter-state transmission system for a project comprising augmentation and bay extension works at Bhadla-III, Ramgarh PS, and Kanpur (PG) on a build, own, operate and transfer (BOOT) basis. The company has received the Letter of Intent (LoI).

Havells India

The consumer durables company has announced a strategic collaboration with Pixii AS, a Norway-based energy storage technology company, to develop and introduce advanced Battery Energy Storage Systems (BESS) for the Indian market.

Torrent Pharmaceuticals

Torrent Pharma is implementing a voluntary recall, purely as a precautionary measure, for select batches of Semalix injection disposable pens. The action follows a product recall notification issued by the manufacturer, Dr Reddy's Laboratories, for a technical evaluation. Patient safety is of paramount importance to the company. There is no risk to patients already undergoing treatment with the recalled product. Further, all other Semaglutide SKUs marketed by Torrent, including the oral formulation, remain completely unaffected.

Sector View

Nifty PSU Bank Index formed a Bullish Harami pattern on Thursday after declining for five consecutive sessions, indicating a potential short-term relief rally. A bounce towards the gap resistance near 8,300 appears likely over the next few sessions.

Nifty IT Index filled the gap support around 27,000 and recovered from intraday lows, forming a Long-Legged Doji that reflects indecision and emerging buying interest. A decisive breakout above 27,650 on Friday could trigger a short-term recovery and improve sentiment across the IT space.
